November 16, 2017

The Rhode Island Joint Reinsurance Association (RIJRA) has recently made updates to its Electronic Application Submission system in order to provide producers with a more enhanced application. Highlights include:

- Retooled underwriting questionnaire to include dynamic selections
- New and updated questions with updated wording to determine future occupancy and usage
- Reduction of rejected applications for insufficient information

At this time RIJRA is also introducing its Electronic Cancellation Submission system. This system was developed to provide producers with a more efficient means of cancelling inforce policies for insured request.

The Electronic Cancellation is available through the producer portal when viewing individual policies. Highlights of this enhancement include:

- Faster processing time
- Automatic processing of the majority of submissions
- Ability to attach supporting documentation
- Faster turnaround of return premium (7-10 days)

As a reminder, the RIJRA web application requires use of Internet Explorer version 10 or later.

Should you have any questions regarding this enhancement, please contact RIJRA's Consumer Service Department.
