**RULE A2.
CONDITIONS CHARGES**

- A. Description**
When any of the Conditions noted in Paragraphs **A.1.** through **A.7.** below exist in a Dwelling or Other Structure, the additional charges shown on the state company rates/ISO loss costs pages for each condition may be applied to the Coverage **A** or **C** Base Premium and Coverage **B** Additional Premium.
 - 1. Heating**
Unsafe arrangement of heating devices, including chimneys, stovepipes, gas vents and fuel supply.
 - 2. Wiring**
Unsafe or inadequate electric wiring, non-standard extensions, overloading, and overfusing.
 - 3. Conversions**
Use of premises beyond designed occupancy limits, subdivision or conversion of original living or other occupancy spaces into multiple units with overcrowded occupancy, inadequate sanitary facilities and unsafe arrangement of cooking devices.
 - 4. Physical Condition**
Building not in good repair, roof or chimneys deteriorating, wood surfaces unpainted or decaying, garages or porches not well maintained.
 - 5. Housekeeping**
Open foundation or access to under-floor space, yard, basement, hallways or attic not kept clean and free from rubbish and litter.
 - 6. Outside Fire Exposure**
Extreme outside fire exposures not otherwise recognized, for example, adjacent dwellings, apartments or other property in deteriorated conditions, brush exposures, rubbish accumulation.

7. Hazardous Conditions

Hazardous conditions including vacancy or un-occupancy not otherwise surcharged.

B. Applicability

Each Condition does not apply to all perils covered in the policy (for example, if it involves a fire hazard, only the fire premium may be increased; if an Extended Coverage hazard is involved, the Extended Coverage, Broad or Special Form premium may be increased).

**RULE A3.
TERRORISM OPTIONS – FEDERAL BACKSTOP**

- A.** The "Terrorism Risk Insurance Act" and accompanying regulations establish a program within the Department of the Treasury in which the Federal Government will share the risk of loss from terrorist attacks with the insurance industry. Federal participation will be triggered when the Secretary of the Treasury certifies an act of terrorism, in concurrence with the Secretary of State and the Attorney General of the United States, to be an act of terrorism committed by an individual(s), provided the terrorist act results in aggregate losses in excess of \$5 million. With respect to insured losses resulting from a certified act of terrorism, the Federal Government will reimburse individual insurers for 85% of that portion of the amount of such insured losses that exceeds the applicable insurer retention.

The insurer's retention is based on a specified percentage of the insurer's earned premium for the year preceding the loss. Insured losses covered by the program are capped at \$100 billion per year; this provision serves to limit insurers' liability for losses.
- B.** All insurers providing commercial property and casualty insurance are required to participate in the program to the extent of making available coverage for certified acts of terrorism in accordance with the terms and conditions of coverage which apply to other perils. Certain risks written under the Dwelling Policy Program may be considered commercial exposures for the purposes of this act and hence eligible for participation in the program. The following may be considered commercial exposures:
 - 1.** 1 – 4 family rental dwellings owned for the business purpose of generating income for the property owner; or

**RULE A3.
TERRORISM OPTIONS – FEDERAL BACKSTOP (Cont'd)**

2. Policies on which incidental business premium is more than 25% of total direct earned premium.
- C. The following applies to those insurers offering Dwelling policies who choose to be eligible for federal reinsurance by making the disclosures needed for such eligibility.

An insurer must extend coverage to insureds for losses caused by certified acts of terrorism. The insurer must disclose to the policyholder the premium for losses covered and the federal share of compensation for such losses under the program at the time of offer, purchase and renewal of the policy. Insurers may disclose the premium information on the Declarations or elsewhere in the policy.

- D. There are no terrorism exclusions in the Dwelling Policy Program. The following endorsements specify that coverage for certified acts of terrorism is subject to the cap on liability for losses and subject to underlying policy exclusions such as nuclear hazard. They differ based on how the insurer chooses to disclose the premium and federal share of compensation for such losses to the insured:
1. For insurers who choose to disclose the premium and federal share by endorsement, use Cap On Losses From Certified Acts Of Terrorism; Disclosure Pursuant To Terrorism Risk Insurance Act Endorsement **DP 05 38**.
 2. For insurers who choose to disclose the premium and federal share on the Declarations, use Cap On Losses From Certified Acts Of Terrorism Endorsement **DP 05 37**.

3. Premium Determination

a. Described Location Including Coverage A

(1) Form DP 00 01

(a) Fire And Extended Coverage

The premium is computed by multiplying the Base Premium by the appropriate factor selected from the following table:

Percentage Of Coverage A	
Total Amount	Factors
10%	1.03
25%	1.08
50%	1.15
75%	1.23
100%	1.30
For each add'l 25% increment, add:	.08

Table 303.B.3.a.(1)(a) Factors

(b) Vandalism And Malicious Mischief

Multiply the rate per \$1,000 used to determine the Vandalism and Malicious Mischief Base Premium, by the dollar amount of coverage added. Then multiply that result by .30.

(2) DP 00 02 Or DP 00 03 – Fire, Broad Or Special Forms

The premium is computed by multiplying the Base Premium by the appropriate factor selected from the following table:

Percentage Of Coverage A		
Increase In Amount	Total Amount	Factors
15%	25%	1.05
40%	50%	1.12
65%	75%	1.20
90%	100%	1.27

B. Optional Deductibles

1. All Perils Deductibles

Multiply the Base Premium for the Base Deductible by the appropriate factors selected from the following table:

Deductible	Fire	E.C., V.&M.M., Broad & Special Forms
\$ 100*	1.05	1.02
500	.97	.96
1,000	.95	.90
2,500	.88	.85

* Refer to company for the minimum annual additional premium charge that applies per policy for all \$100 All Perils Deductibles.

Table 406.B.1. All Perils Deductibles

Paragraph **B.2.** is replaced by the following:

2. Hurricane Deductible

The following hurricane deductible options are used in conjunction with the deductible applicable to all other Section I Perils. For the purposes of these options, "hurricane" on Block Island, means a weather related event for which the National Weather Service has issued a hurricane warning for any part of Block Island. For the remainder of the state, "hurricane" means a weather related event for which the National Weather Service has issued a hurricane warning for any location in the state other than Block Island.

Rhode Island Law states that a hurricane deductible shall not be applied to any insured, if the insured has installed approved mitigation measures to protect against windstorm damage and either the insurer has inspected the property or the insured has submitted satisfactory proof of installation of the approved mitigation measures.

The insured may elect in writing to decline waiving the hurricane deductible, despite having installed approved mitigation measures, in order to accept a lower policy premium.

With respect to a hurricane deductible that applies to a dwelling, the hurricane deductible, whether issued as a percentage or flat dollar amount, may not exceed five percent (5%) of the insured value of the dwelling.

a. Percentage Deductibles

(1) Deductible Amounts

This option provides for higher hurricane percentage deductibles of 1%, 2% or 5% of the limit of liability that applies to Coverage **A, B, D** or **E**, when the dollar amount of the hurricane percentage deductible selected exceeds the amount of the All Other Perils deductible. This option is not available for policies covering only personal property.

(2) Declarations Instructions

Enter, on the policy Declarations, the percentage amount and the actual dollar amount that applies to hurricane and the dollar amount that applies to All Other Perils. For example, for a Coverage **A** limit of \$100,000:

Deductible – hurricane 2% (equal to \$2,000) of Coverage **A** limit and \$250 for All Other Perils.

(3) Deductible Application

In the event of a hurricane loss to covered property, the dollar amount is deducted from the total of the loss for all coverages.

(4) Use Of Factors

The factors displayed in Paragraph **(5)** incorporate the factors for the All Perils Deductibles shown in Paragraph **B.1.** Do **not** use the factors for the All Perils Deductibles when rating a policy with a higher hurricane deductible.

(5) Deductible Factors

To compute the premium for this provision, multiply the Extended Coverage, Broad or Special Form Base Premium for the Base Deductible for each coverage insured under the policy by the appropriate factor selected from the following table for the deductible amounts desired:

Coverage A, B, D Or E And Coverage Options For Buildings And Non-building Structures			
All Other Perils Deductible Amount	Hurricane Deductible Amounts		
	1%	2%	5%

2,500	.75	.72	.56

* Only use when policy also covers building or non-building structures.

Table 406.B.2.a.(5)#2 Factors

b. Higher Fixed-dollar Deductibles

(1) Deductible Amounts

This option provides for higher fixed dollar hurricane deductible amounts of \$1,000, \$2,000 and \$5,000 when the dollar amount of the higher hurricane fixed dollar deductible selected exceeds the amount of the All Other Perils Deductible. This option is not available for policies covering only personal property.

(2) Declarations Instructions

Separately enter, on the policy Declarations, the deductible amounts that apply to hurricane and All Other Perils. For example:

\$1,000 for hurricane and \$250 for All Other Perils.

(3) Coverage Options

The deductible factors for Coverage **A**, **B**, **D** or **E** and coverage options for buildings and non-building structures differ by the deductible amounts that apply to hurricane and to other perils.

The deductible factors for Coverage **C** and other personal property coverage options differ by the deductible amount that applies to other perils and by the amount of the hurricane deductible.

(4) Use Of Factors

The factors displayed in Paragraph **(5)** incorporate the factors for the All Perils Deductibles shown in Paragraph **B.1**. Do **not** use the factors for the All Perils Deductibles when rating a policy with a higher hurricane deductible.

(5) Deductible Factors

To compute the premium for this provision, multiply the Extended Coverage, Broad or Special Form Base Premium for the Base Deductible for each coverage insured under the policy by the appropriate factor selected from the following table for the deductible amounts desired:

Coverage A, B, D Or E And Coverage Options For Buildings And Non-building Structures			
All Other Perils Deductible Amount	Hurricane Deductible Amounts

Paragraphs **E.** and **F.** are replaced by the following:

E. Premium For Base Deductible

Develop the Base Premium as follows:

1. Determine whether Construction Table **A**, **B** and/or **C** applies for the appropriate deductible. Refer to state company rates/ISO loss costs.
2. Determine the Earthquake territory according to the ZIP code of the residence premises from the State Territory Definitions Section in this manual.
3. Add the results of the following three steps:
 - a. Multiply the Coverage **A** limit by the state company rates/ISO loss costs for Coverage **A** in the table;
 - b. Multiply the Coverage **C** limit by the state company rates/ISO loss costs for Coverage **C** in the table; and
 - c. Multiply the sum of the Additional Coverage **D** and **E** limits by the state company rates/ISO loss costs for Coverages **D** and **E** in the table.

RULE 509.

EARTHQUAKE COVERAGE (Cont'd)

4. For Building Or Non-building Structure Items – All Forms:

Multiply the state company rates/ISO loss costs for Coverage **B** in the table by the appropriate limit of liability for the following Other Building Coverage options, as applicable, and add to the applicable premium determined in Paragraph **E.3.:**

- a. Coverage **B** – Specific Structures;
 - b. Improvements, Alterations and Additions – Increased Limits;
 - c. Building Items Coverage.
5. For Ordinance Or Law – Basic and Increased Limits – All Forms:

When the basic Ordinance or Law Coverage limit is added or increased, the earthquake premium is developed based on the added or increased limit of insurance.

- a. For Forms **DP 00 01**, **DP 00 02** and **DP 00 03**, multiply the rate determined in Paragraph **E.3.a.** by the appropriate factor selected from Rule **303.B.3.a.**

- b. For Coverage **B** – Specific Structures, Improvements, Alterations and Additions and Building Items Coverage, the premium for this additional coverage is determined based on the dollar amount of added or increased coverage, represented by the increased percentage amount selected above the basic limit. The rate for each additional \$1,000 of insurance is determined as follows: multiply the state company rates/ISO loss costs for Coverage **B** in the table by .30 and add to the applicable premium determined in Paragraph **E.**

F. Premium For Higher Deductibles

Multiply the Earthquake base premium determined in Paragraph **E.** for the 10% deductible by the appropriate factor from the following table:

Deductible Percentage	Frame	Masonry	Superior

DWELLING POLICY PROGRAM (2002 EDITION)

PREMIUM COMPUTATION - SEQUENCE RULE

The Association uses the following sequence of application of premium adjustment factors to determine policy premium. It is strongly recommended that this sequence be followed for provisional premium computation, when an application is submitted under the Association's IMMEDIATE COVERAGE procedure. All references, in brackets, are to ISO's DWELLING POLICY PROGRAM Manual/RIJRA Rate Pages.

PART III - BASE PREMIUM COMPUTATION (RIJRA Rate Pages DP-R-2-12)

Using ISO Rules 301, 302 & 304 develop the BASE PREMIUM from Base Premium Computation pages

PART IV - Adjustments to Base Premium as per ISO's BCEG Rule, Rule 303 & Rules 401-410.

Apply any of the premium adjustment factors to the BASE PREMIUM, when appropriate, in the sequence indicated below.

THE PREMIUM IS TO BE ROUNDED AFTER EACH STEP.

- a. Building Code Effectiveness Grading [BCEG Adjustment Factor = (1- BCEG Credit Factor)]
- b. Ordinance or Law Coverage
- c. Superior Construction
- d. Coverage C - Personal Property in Buildings Subject to Commercial Class or Specific Rates
- e. Dwelling Under Construction - Named Insured is the Intended Occupant
- f. Mobile or Trailer Home
- g. Optional Deductibles
- h. Automatic Increase in Insurance
- i. Premises Alarm or Fire Protection System

The premium developed after applicable adjustments is the Adjusted Base Premium.

PART IV - ADDITIONAL OR REDUCED PREMIUM COMPUTATION (ISO Rules 500-517, RIJRA Rate Pages DP - R - 13, DP - R - 14)

Develop any additional or reduced premium for rating factors not accommodated in PART IV above, fixed dollar premium charges and credits and rates per \$1,000. EACH ADDITIONAL OR REDUCED PREMIUM IS TO BE ROUNDED.

TOTAL POLICY PREMIUM IS BASE PREMIUM or ADJUSTED BASE PREMIUM, plus ADDITIONAL or REDUCED PREMIUM, if any.
