**RULE A2.  
TERRORISM OPTIONS – FEDERAL BACKSTOP**

---

- A.** The "Terrorism Risk Insurance Act of 2002" and accompanying regulations establish a program within the Department of the Treasury in which the Federal Government will share the risk of loss from terrorist attacks with the insurance industry. Federal participation will be triggered when the Secretary of the Treasury certifies an act of terrorism, in concurrence with the Secretary of State and the Attorney General of the United States, to be an act of terrorism committed by an individual(s) acting on behalf of any foreign interest, provided the terrorist act results in aggregate losses in excess of \$5 million. With respect to insured losses resulting from a certified act of terrorism, the Federal Government will reimburse individual insurers for 90% of losses in excess of the insurer's retention, which is based on a specified percentage of the insurer's earned premium for the year preceding the loss. Insured losses covered by the program are capped at \$100 billion per year unless subsequent action of Congress changes that amount; this provision serves to limit insurers' liability for losses.

**B.** All insurers providing commercial property insurance are required to participate in the program to the extent of making available coverage for certified acts of terrorism in accordance with the terms and conditions of coverage which apply to other perils. Certain risks written under the Personal Liability Supplement to the Dwelling Policy Program may be considered commercial property exposures for the purposes of this act and hence eligible for participation in the program. The following may be considered commercial property exposures:

1. 1 – 4 family rental dwellings owned for the business purpose of generating income for the property owner; or
2. Policies on which incidental business premium is more than 25% of total direct earned premium.

**C.** The following applies to those insurers offering Personal Liability policies who choose to be eligible for federal reinsurance by making the disclosures needed for such eligibility.

An insurer must extend coverage to insureds for losses caused by certified acts of terrorism. The insurer must disclose to the policyholder the premium for losses covered and the federal share of compensation for such losses under the program at the time of offer, purchase and renewal of the policy. Insurers may disclose the premium information on the Declarations Page or elsewhere in the policy.

**D.** There are no terrorism exclusions in the Personal Liability Supplement to the Dwelling Policy Program. The following endorsements specify that coverage for certified acts of terrorism is subject to the cap on liability for losses and subject to underlying policy exclusions such as nuclear hazard. They differ based on how the insurer chooses to disclose the premium and federal share of compensation for such losses to the insured:

1. For insurers who choose to disclose the premium and federal share by endorsement, use Cap On Losses From Certified Acts Of Terrorism; Disclosure Pursuant To Terrorism Risk Insurance Act Of 2002 Endorsement **DL 24 89**.
2. For insurers who choose to disclose the premium and federal share on the Declarations, use Cap On Losses From Certified Acts Of Terrorism Endorsement **DL 24 87**.

**RULE A3.  
LEAD POISONING EXCLUSION**

**A. Exclusion**

1. Coverage may be excluded for bodily injury arising out of lead poisoning in any of the following:
  - a. A one to four family residential building built before 1978 that contains one or more residential units rented or held for rental to others.
  - b. A residential unit in any condominium or cooperative residential building **built before 1978** that is rented or held for rental to others.

Use Lead Poisoning Exclusion Endorsement **DL 24 68**.
2. The exclusion applies to a one to four family residential building, or a condominium or cooperative unit, **built before 1978**, without proof of Prima Facie Evidence Of Compliance for all such pre-1978 properties.
3. The exclusion does not apply to:
  - a. A one family dwelling or a condominium or cooperative unit owned and occupied by an insured.
  - b. A one to four family residential building **built before 1978**, or a condominium or cooperative unit rented or held for rental to others, for which Prima Facie Evidence of Compliance is in effect.
4. The exclusion ceases to apply for property for which Prima Facie Evidence of Compliance has been obtained during the policy period, on and after the date such evidence of compliance is in force.
5. Refer to Paragraph **C.1.** of this rule for Premium Development.

**B. Notification Requirements**

1. The insured shall be provided with a Disclosure Notice when applying for insurance, or if a renewal, with each Renewal Policy delivered.
2. The Notice shall contain information on the following:
  - a. The lead poisoning exclusion that may apply; and
  - b. The insurer's responsibilities to assist the insured in placing lead liability coverage through the FAIR Plan if the lead poisoning exclusion applies.

**C. Premium Development**

When Lead Poisoning Exclusion Endorsement **DL 24 68** is attached to the policy, premium factors apply based on locations which were built before 1978, are rented or held for rental to others and the presence or absence of proof of Prima Facie Evidence Of Compliance. Determine the lead poisoning exclusion and coverage option factor for the location using the following Table **A3.C.3.** Premium Factors Table.

**1. Primary Location**

If the primary location is a 2 or more family dwelling or a condominium or cooperative unit, multiply the Base Premium plus any additional premium or Coverage L increased limits by the factors in Table **A3.C.3.**

**2. Additional Location(s)**

For each additional location, multiply the loss costs for the Additional Location, and, if applicable, the increased limits premium, by the factors in Table **A3.C.3.** Premium Factors Table.

**3. Premium Factors**

Levels Of Lead Hazard Compliance	Factor
Lead Free	1.00
Lead Safe	1.01
Lead Mitigated:	
Independent Clearance Inspection	1.05
Visual Inspection	1.10

**Table A3.C.3. Premium Factors Table**

**4. Primary And Additional Locations**

If the Primary Location noted in Paragraph **C.1.** and the Additional Location(s) noted in Paragraph **C.2.** are both subject to the provisions of Lead Poisoning Exclusion Endorsement, add the results of Paragraphs **C.1.** and **C.2.** to arrive at your new Total Base Premium.
